Tuition pays for the benefits of the program, and not a specific number of hours that a gymnast is practicing. Tuition is based on 48 weeks per year or 4 weeks session during each month. Because some months have 5 weeks and others have holidays or closures, the SDR will be offering extra classes during some months and less classes during others. Tuition is a monthly payment and is not related to the number of classes a gymnast receives in any specific month.

**San Diego Rhythms offers its classes in two most prestigious areas of San Diego County: Del Mar and La Jolla, which eliminates necessity for driving through traffic for majority of families. We have low student to teacher ratio, which allows us to provide a personal attention to every student.**
